Hasler introduced their product to the United States in 1981 and has been praised for rugged long life construction, reliability and quiet operation. They have earned the ISO 9001 Rating and was the first company ever to pass the USPS ten million cycle test without a single failure. Buyer's Laboratory has consistently rated Hasler equipment as the most reliable on the market.

Indiana Mailing Systems opened in 1985 to serve the needs of mailers and shippers in Northwest Indiana. Over the years, we have grown in products and ability to better serve our customers. We provide equipment to the small/home office to large scale mail processing companies.
